Hi Lizzie,

I've included all the data you requested. You should be getting it shortly through WeTransfer.

Cheers,
Victor

PLEASE BE CAUTIOUS This email was sent from outside of the company

Hi Victor,

I am sorry. Thanks for trying to get the data to me. I have not used wetransfer, but looks easy enough to set up. Let me know if you need any info from me to send the files that way.

I emailed Devin about this, but in case you know -- will Sebastian Farms be able to send budburst, flowering and veraison data also?

Thanks again,
Lizzie

Hi Lizzie,

I tried sending you the climate and phenology data to your other emails but for whatever reasons those other emails rejected my email. Have a look at the screenshot.

Have you used wetransfer before? Might be a good alternative. Let me know.

Cheers,

Victor
