Hi all,

I've shipped the set of grapes from Dark Horse and Nk'mip today.
Purolator tracking ID: 1500 596 2053

I've only got 5 of the small brick ice packs left, and will wait to receive the gel packs on Monday. Im wondering if maybe you could ship some of the ice packs back so that I can re-use them? Then that way I can include a combination of bricks and gel packs in my subsequent shipments (as per Lizzie's request) to ensure they stay cool.

Thanks!
Warm Regards,
April

Hi April,

Thanks! I shipped you at least one (maybe two) sets of the bigger bricks (so I think you'll get 3-6 of those) and a lot of small gel packs. The gel packs are scheduled to arrive Monday, the bricks Tuesday so maybe let us know if you want us to send bricks back once you see what you get those two shipments from Amazon?

We **definitely** can send back packs (and coolers) if needed.

All the best,
Lizzie

Hi Lizzie,

That's perfect thanks!

I'll give you guys a heads up beforehand if I feel like I'm running low and need more ice and coolers back. Just wanted to make sure the option was there!

Cheers,
April

Hi April,

Thanks! We're having some issues getting the first box, but hopefully today will go more smoothly (UBC complexities!). We might make some changes in how we ship -- Mira or Geoff will be in touch about this if we do.

Relatedly, could you find a few (12-16) highly productive plants and include an EXTRA bag of grapes for them in a shipment? You'll need to make your own labels with all the regular info plus REP on each label. If put them in a bigger bag, we can set them aside and do a mini-test of whether grapes that get warm change in brix.

Thanks!
Lizzie

Hi Lizzie,

Sounds good, I'll wait to hear for changes in shipping.

I can definitely add some extra bags. Will this be 12-16 productive plants from a specific vineyard (perhaps I just do them for Quails Gate next week?) or from all sites put together?

Warm Regards,

April

Hi April,

We have the shipments! Thank you (and Mira on this end).

One vineyard for all the extra bags would be great!

Hope you have a good weekend and that it is not so smokey there.

Lizzie
