Hey April,

One more tip! 5-4 is a pain to get to on the south side. The top isn't that far from 6-1 but the bottom takes a long time to walk to. However, it's right by the side road and there's a place to pull into the vineyard. I've seen roadwork trucks parked there so I think it's fine to drive to this one and save time.

Let me know how the changes go. Thanks for being patient with all this!

Hey Mira,

Thanks so much. This is all clear, and I'll start with the changes to Quails gate tomorrow. I may not remove the flags right away, but will definitely have time between flowering and veraison if not at the end when I cut all the other flags.

Thanks again for your flexibility, this will make a huge difference to my hours. I'm really glad to be working with you on this project.

Cheers,
April

Hi April,

I'm going to email you as I figure this out so hopefully you aren't waiting on me while I figure things out.

Mannhardt

MA 9-1 south end: #875-886

Quails' Gate Estate

QGE 1-6 middle: #589-600

QGE 2-1 south end: #625-636

QGE 4-6 middle: #781-792

QGE 6-1 north end: #685-696

I'm still trying to decide if I can cut plants from 5-4, 3-4b, 4-8, and 3-3. Lizzie doesn't want me to cut any of the blocks here.

I hope today is going okay.

Mira
