Hi Mira and Lizzie,

I hope you enjoyed the long weekend!

I've shipped the first set of grapes from McIntyre, please see the details in my email.

I'll be visiting Nk'mip and Dark Horse tomorrow, and should be able to get it all done in one day to ship out at the end of the day tomorrow.

They will be harvesting the Chardonnay block J and the Sauv blanc in block E tonight at McIntyre, so this will be the last brix shipment for those blocks.

In addition, I do have one block at Mannhardt, the 8-6 Riesling, that still has some clusters that aren't at 100% (see data sheet). My week is fairly busy with my new job, so I wouldn't normally have the time to go there and monitor. I could go in early Friday morning before my other job starts just to monitor that one block, however I'm wondering if I could leave it until I do Brix sampling there next week? Let me know what you think.

Hopefully all is good with the shipment, let me know how it goes and if there is anything I should do differently for next time.

Warm Regards,
April

Hi April,

Thanks for your continued great work. We're excited about the shipment tomorrow (and the Covid-19 complexities of receiving shipments at UBC). We'll let you know how it goes.

I think we can leave the veraison at Mannhardt until next week. Thanks for checking!

All the best,
Lizzie
